+55 (11) 997960292

Barueri, São Paulo, Brasil

Full Stack Developer in training, passionate about technology, with hands-on experience in the JavaScript ecosystem and an AWS Cloud Practitioner certification. Focused on software architecture.

## Professional experience

### Full Stack Developer

*Redefrete | Barueri, Brazil*

Mar 2025 – Present

Full corporate system development. Back-end with Node.js, Express, and Prisma (MySQL). Front-end with Next.js, TypeScript, and Tailwind CSS. Unit and integration testing, Git, and continuous integration. Maintenance of legacy routines in PHP. Involved in requirements gathering, data modeling, development, testing, and continuous improvement.

### Full Stack Developer Intern

*Compass UOL | Rio Grande do Sul, Brazil*

Oct 2024 – Mar 2025

Working as a Full Stack Developer at Compass UOL, I contribute to solutions that meet business needs with a focus on efficiency and innovation. I participate in training programs and obtain certifications recommended by the company. I have experience creating tools and strategies that optimize internal processes and improve system quality.

### SEO Intern

*Yoooper Digital Marketing | São Paulo, Brazil*

Jan 2023 – Oct 2024

Content optimization to increase clients' organic traffic. Monitoring SEO metrics using tools like Google Analytics and SEMRush. Implementation of keyword strategies and competitor analysis, resulting in organic traffic growth.
